## Projects

- UniVerse (Create-Share-Evolve) | *Html, CSS, ReactJs, NodeJs, ExpressJs, MySql* February 2024 - March 2024**
  - Social media platform exclusively designed for university students to showcase their talents and explore, offering a dynamic and engaging user experience.
  - Ensuring secure authentication and comprehensive features such as post management, user management, data fetching, and file uploads, enhancing usability and interaction.
- SecureShop API | *NodeJs, ExpressJs, MongoDB, Postman* August 2023 - September 2023**
  - SecureShop API is a secure e-commerce application API that streamlines product and category management, user and order handling, and efficient file uploads.
  - It ensures data durability and security with features like comprehensive CRUD operations, customizable data models, meticulous error handling, and secure authentication.
- SkillFolio | *Html, Css, Javascript* February 2023**
  - SkillFolio highlights my skills, projects and achievements, providing an engaging look at my professional journey, Education, capabilities and many more!.
  - Seamlessly integrated external APIs like Google Maps to enhance its functionality. It includes interactive features which elevate the static webpage experience, ensuring a memorable visit for every viewer.

## Technical Skills

**Front-End Technologies:** Html, Css, JavaScript, ReactJs  
**Back-End Technologies:** NodeJs, ExpressJs  
**Programming Language:** C++  
**DataBase Systems and Developer Tools:** MongoDB, MySql, VS Code, Postman, MySql Workbench  
**Others:** Git, Github, Data Structures And Algorithms

## Experience

- GirlScript Summer of Code | Contributor May 2024 – August 2024**
  - Actively contributed to multiple Open-source projects and collaborated closely with Project Admins and mentors to address assigned issues and receive feedback, consistently delivering high-quality bug fixes and new features
  - Gained hands-on experience in collaborative and cooperative product development and enhanced proficiency in development tools, including version control and tackled real-world problems.

## Education

<b>ANIL NEERUKONDA INSTITUTE OF TECHNOLOGY AND SCIENCES</b>	<b>2021 – 2025</b>
<i>Bachelor of Technology in Computer Science And Engineering</i>	<i>CGPA: 8.70</i>
<b>Pandiit Junior College</b>	<b>2019 – 2021</b>
<i>Higher Secondary Education in Maths, Physics and Chemistry(MPC)</i>	<i>Marks: 962/1000</i>
<b>Siva Sivani High School</b>	<b>2018 – 2019</b>
<i>Secondary School Certificate</i>	<i>GPA: 10</i>

## Achievements

- Solved over 300+ Leetcode problems with a max streak of 110+ days and earning various Badges.
- Ranked in the top 14 percent of Leetcoders with a contest rating over 1680+.
- Earned 2-star status on CodeChef.
- Winner of the College level Debugging Quiz which is organised as a part of Code Race competition
- Secured 1st place in the College level Debate Competition which is organised as a part of Cursors 2024.
- Achieved 4th position in the college-level Coding Ninja contest with a perfect score of 250/250.

## Position of Responsibility And Extracurricular

- Organised Error-Epic event which was a college-level debugging competition.
- Competed in district and University level basketball tournaments.
- Designated as School Head Boy during the 2018-2019 academic year.

## Strengths

- Leadership Excellence and Effective Team and time Management.
- I am a quick learner with strong English communication skills.
- Strong problem solving skills and capable of performing well under pressure.
